

Independent Pricing and Regulatory Tribunal
SYDNEY

Dear Sir/Madam,

I would like to make a submission to the Prices for Sydney Water Corporation from 1 October 2025 regarding the taking over of wastewater systems currently operated and owned by Hawkesbury City Council at McGraths Hill and South Windsor.

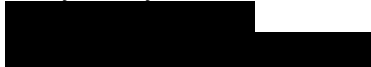

I understand that IPART is currently considering billing arrangements by Sydney Water if they take over these two facilities and own and operate them.

I would support the current arrangement with all other areas who come under Sydney Water for their wastewater charges, which is cost sharing amongst all customers.

I strongly object to any form of 'ring fencing' rate payers of the Hawkesbury Local Government Area and charging the residents and businesses differently to other areas serviced by Sydney Water that cost share amongst every customer.

Yours sincerely,

Garry Baldry
