Subject: Bellingen Shire Council proposed 20% Rate Increase

Dear Sir / Madam,

I am writing in regard to a proposed rate increase in Bellingen Shire Council of 20% which has generated a great deal of concern in rate payers in the area.

With a national CPI running currently around 2%, no dialogue with constituency undertaken, no notification to rate holders of proposed special use for the funds, this 20% increase would appear to be completely inappropriate and unjustified.

Please consider this a formal request for the Tribunal to investigate this issue, and revert to me at your earliest convenience.

Yours faithfully,

[REDACTED]

Resident / Owner
