I'm not sure what you want . I am a taxi operator of over 50 years. Taxi fares have not increased since 2015. ALL my costs have increased astronomically . Whether it be insurance, radio fees, car prices, or fuel. And of course every other cost [just going to the supermarket]I know the major networks can itemize each cost. We [taxi operators and drivers ] have not received a fare increase and yet every other industry has had a substantial increase as soon as the labor government came into power . Please help my starving children to eat! Graham Kell Happy to say more if you can define what you want
