Subject: Fit for the Future: City of Sydney Submission

Submission concerning the amalgamation of the City of Sydney

Please do NOT change the City of Sydney's boundaries to create a mega council for the city to include a number of vastly diverse areas such as Botany Bay, Randwick, Sydney, Waverley and Woolahra. An amalgamation of such a huge area will include a population of over 500,000 people of diverse needs but with no increased responsibility or authority.

The City of Sydney Council has a proven track record of enhancing the liveability of the area it now administers. Please please let it stay that way. We residents are very happy with our council and do not wish for the concentrated efforts of the council to be diluted by attention to other populations of Sydney with significantly different needs and interests.

Sincerely

Residents

Halina Zawadzki and Eduard Moes
