Review	(LG) Special Variations & Minimum Rates 2021-2022
Document Reference	
Council	Central Coast Council, Special Variation Application
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	I am in full support of the submission by the Patonga Progress Association, which is attached below.
Your comments on Criterion 1:	
Your comments on Criterion 2:	Making the rate payers aware of the size of the increase does nothing to make it more acceptable.
Your comments on Criterion 3:	The bottom line is that the proposed rate rise, with increases of up to 45%, as advised to the Patonga Progress Association by Council, is unfair and unacceptable. It has resulted from an unwanted and pointless council amalgamation exercise, accompanied by inadequate regulation of the previous Gosford Council by the responsible State Government. The State Government should step up and provide funding to keep the rate rises to more reasonable levels using the methodology presented in the Patonga Progress Association submission.
