Submission: I am proud of our Council's record of providing a high value of services while staying fiscally fit. Leichhardt Council will meet all 7 Fit for the Future benchmarks in 2015/16.

Leichhardt council recognizes that our council is a diverse area of communities. Within the Council each area has a separate and distinct voice and yet we all work together for the good of the council. I feel that the representation of our small community areas will be lost in a huge population of an inner west mega council.

I support the Leichhardt Council's proposal for a local joint organization model and keeping Leichhardt council as a stand alone Council.

No Forced Amalgamations PLEASE!

Thank you,
Jed M Dodge
