Subject: Bellinghen Rate Rise

Dear Sir/Madam,

Since your on- line submission form doesn't work, I am stating my objection via email.

As a rate payer I am against yet another rate rise variation to the Bellinghen Council.

I would like them to go back to providing just the basic services to the community, cut administration staff to affordable but workable numbers. Penny pinch to pay off its debts.

I wont let apathy keep me silent this time around. It's getting very expensive to live in this shire.

Thank you
