Dear Mr Seery,

Blue Mountains

Council wants to raise our rates over 400% over four years. The mayor says they have the approval from the majority of ratepayers. I doubt that. I find the council seems to waste money & just seem to raise the rates instead of trying to pull in costs.

The more money they get the more they seem to need, it never seems enough to them.

I think the amount they want to raise rates is over the top.

Lynne Gilchrist.
