Subject: Shoalhaven Councils proposed rate rise

Hello,

I wish to lodge my objection to Shoalhaven Councils proposed 33% rate increase.

I, like many people in the Ulladulla area, am a pensioner and I feel an extra \$340 a year is far too much to be hit with. Along with the water rates we will be paying well over \$2,250 per year for our very basic services. Council then charges outrageous amounts for any extra services, such as curb side pickups and building approvals.

Please do not allow Council to support their Top heavy, highly paid hierarchy in Nowra by disadvantaging the rate payers.

Kind Regards
Lyndall Sam
