Subject: Support rate increase in Lismore City Council LGA for Biodiversity Management Strategy

Good morning,

I grew up in the Lismore region and, having lived away for more than 10 years, have moved back and am now a home owner and rate payer.

This area is beautiful – precious, actually – and the thing that makes this place so special is how everywhere you look you see the environment in which we live. The mountain ranges, the flora and the fauna.

I support the modest proposed ongoing rate rise for implementation and management of a Biodiversity Management Strategy in the area but think that pensioners should be exempt.

Kind regards,  
Lauren Schneider
