If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	<p>It is hard to believe that Lismore City Counsellors are still pontificating over the ratepayers. Their fiscal management has been disastrous to say the least . Nobody knows where the \$6.9 million went to last year and they expect the ratepayers to accept a rise of 16% plus and gradually going up in the next few years. The NSW Government--- Office of Local Government know what they are paid , which is higher than any other in the State. These people have no concept what the farmers in their ward have gone through over the last few years. I have a son who unfortunately is a ratepayer to LLC and there are many like him and his neighbour who find this hike draconian and totally unacceptable. These Counsellors eat sweets during Council meetings and don't listen to common sense. My feeling is that an Administrator should be brought in and new people elected ----- ones who can handle money ,and listen to their constituents who are one of the lowest socio-economic groups and have had enough of being pushed around by brainless ,unconcerned people.</p>
