increase in fares are long overdue, taxi fares wasn't probably adjusted for the last 10 years. After the start of war in Europe rideshare drivers was allocated an allowance on fuel, taxi nothing. Also taxi are treated as slaves at airport. passengers naturally will seek the lowest exit fare, so train cost over \$20.09 per person and passengers have to haul their luggage to train, plus pay extra for using seat if seat is used for luggage. Taxis for a fare to a hotel airport is about \$12.00, minus Gov. levy of \$1.38 and airport pick up of 5.58, a complete insult and loss for taxi, irrespective of waiting time of about 2 hours.
