Date of submission: 29 July 2015

Submission: I am a volunteer for the Access Committee the council is very supportive of the needs of elderly and Disabled People they listen to problems and try to find solutions,as a volunteer Leichhardt Council passed on invitations to City of Sydney Council for Disabled forums but these are few and far away and seem to have petered out. I fear the needs of Disabled andElderly people. Will become lost in a much bigger Council.
