Submission: I am 17 years old and am in year 12. As a young person, I want to see there are plenty of things for kids to do as they grow up in the mountains as I have. To me this means pools, parks, skate parks etc. I also want to live in a place that is well looked after and one where there are opportunities for me to work when I leave school. I understand that this means that people would need to pay more but paying less would mean less so that wouldn't be good for the mountains.
