Dear Sirs,

I live in Macdonaldtown and am part of the City of Sydney Council area.

I do not want the City of Sydney Council to be amalgamated into joining with Woolkathra, Waverley, Randwick and Botany Bay Councils. We will lose our services and our good standard of service from City of Sydney Council.

Please accept my letter against amalgamation. All I can see are rising costs going into private investment, loss of public services and no benefit to a local resident.

Yours sincerely,
