Submission: I think that Willoughby council should merge with North Sydney and Lane Cove. I currently live in Willoughby and see many benefits with joining with these 2 councils.

It is not preferable to join with hunters hill or Ryde as these councils are too far away not only geographically but also are not able to understand the local issues that need to be addressed. Willoughby has individual issues that are not relatable to these areas. I strongly disagree with this option 4.

I understand the requirement to merge with other councils and do not want to waste more of my tax money or council rates unnecessarily. and I am very happy to merge but it needs to stay local.

Yours since
