1. If Sydney Water extends its wastewater services to the Hawkesbury City Council area in future, costs should be spread across all of the Sydney Water customer based and not just those who live in the Hawkesbury. What we pay now to Sydney Water goes towards all upgrades ect across Sydney, so it would be unfair to make only Hawkesbury residents pay for it. 2. Other then bill impacts, it is important for Sydney Water to take over Hawkesbury City Council wastewater assets to make the system fairer for everyone living in the Sydney region.
