Your submission for this review:

I would prefer that the cost of extending wastewater services to the Hawkesbury area be shared among all of Sydney Water's customers. This is a fair and equitable solution which doesn't disadvantage Hawkesbury customers. It is also important that Sydney Water take over and upgrade Hawkesbury City Council's wastewater assets as the wider community will also benefit through improved water quality in the Hawkesbury River. Sydney Water will also be better equipped than the Council to manage these assets.
