For question no.1 Me and my husband would prefer that the cost of extending Sydney water's wastewater services to Hawkesbury area should be shared among all of Sydney water customers as for fair. For question no.2 If Sydney water take over Hawkesbury city council and can provide the better service throughout upgrading the asset then we agree for these to happen. If everyone in this community receive the better benefit and the fairer system without paying any extra for these assets as it is not their responsibility.
