I would prefer that the cost of extending Sydney Water's wastewater services to the Hawkesbury are be shared among all of Sydney Water's customers. This is a fair and equitable solution and does not financially disadvantage the Hawkesbury customers. It is important for Sydney Water to take over Hawkesbury City Council's wastewater assets to make the system fairer for everyone living in the Sydney Metro area. Upgrading these assets would exceed the current customers' capacity to pay and shouldn't be their responsibility entirely. The wider community will benefit from these upgrades through improved water quality in the Hawkesbury River. Sydney Water will be better equipped to manage these assets going forward, which will be better for the environment and for customers.
