Submission: I have no problem with the standard increase in rates of 2.3% per year, however I object to the extra 4.3% increase per year for the next 3 years. This amount adds up to a total of 19.85% over 3 years, that is an amount that many Ratepayers will not be able to afford. Further to this, as a Ratepayer it would seem that RCC want to spend this extra increase on NSW State Government Assets & I object to that.
