Subject: Proposal - Canada Bay Council merger with Auburn Council

We wish to lodge our objection to any merger by Canada Bay Council with Auburn Council. We were surveyed by phone a few months ago and lodged our objection to this proposed merger and now place it in writing. We were concerned with the economical ramifications with the proposed merger when tele. surveyed and now have been advised that Auburn

Council is in debt to the tune of \$15M. We realise that the evolving Homebush Olympic Park zone is probably a diamond of the future but, fiscally Auburn Council have a long way to go to break even.
