Subject: Port Stephens Council SRV

Good Afternoon

As residents of Port Stephens we do not support the excessive rate rise proposed by Council which multiplies over a seven year period. We are on a fixed income and families who are living week to week cannot afford such a massive increase - an increase which is grossly in excess of the CPI. Local businesses will be badly affected as well.

We therefore strongly oppose this increase as do the majority of the community.

Richard and Maree Antcliff.
