Proposed water increase Central Coast Council is nothing more than a money grab from a [REDACTED] council who have no idea on how to run a business which is itself top heavy with administration staff and councillors [REDACTED]. They now expect ratepayers to bail them out after years of jobs for the boys club attitude. The entire council needs to be sacked and then all jobs be made available so the best candidate can be employed and not the mates of mates etc as it is now. The two councils should never have been amalgamated to start with.
