

19-6-2017

Dear Sir,

Just a couple of comments -

I do not know of any "survey" conducted by
y I.C. recently in this area of Sea Gardens
& surrounds about a "welcoming" rate increase
y I.C. "wishes".

This area has a lot of retirees on fixed incomes
(low reward on investments) also pensioners finding
it hard!

I believe blatant manipulation cannot go
unchecked. I believe income proposed for
2017-18 is 11% - we will be paying more rates
than Sydney & Very Little gets done in this
area

In other words I guess you could say
we strongly object -

Thank you.

R. Cross.
