Subject: Re Coffs Harbour Council application for extraordinary rate rise

Last evening Thursday 12.2.15 the CHCC voted 5 to 4 in favor of applying to IPART for an extraordinary rate rise this despite overwhelming opposition from ratepayers to this action in the ratio of 75% against from Councils own surveying. I believe that IPART will only grant exceptional rises on the basis of community support for such rises and this is not the case in Coffs Harbour. I ask that IPART reject the application by CHCC.

Yours

Richard McDermott
