Subject: OBJECTION TO PORT STEPHENS SPECIAL RATE VARIATION

I OBJECT to the proposed special rate variation by Port Stephens Council.

The proposed compounded 66% after 7 yrs, is to stay in the rate base.

The overwhelming majority of residents rejected this proposal.

I am a self funded retiree, and are paying nearly \$2000 a year now, on a income of \$10,000 a year.

It is unfair that ratepayers are being asked to give up hundreds of dollars per year for projects that are not necessary or needed.

PLEASE, consider your decision carefully, there are a lot of people really doing it tough....Robyn West, [REDACTED], Fingal Bay 2315.
