**Subject:** I wish to register that I object to Port Stephens Council's proposal to increase rates by 66% over 7 years.

Dear IPART

I wish to register that I object to Port Stephens Council's proposal to increase rates by 66% over 7 years.

Lack of jobs in the area makes it hard for people to pay rent and mortgages when they have to pay to travel out of the area for work. This rate rise will impact significantly in the weekly budget and if the council lowered the salaries for their upper management (over \$200+k a year) so they are more inline with local industries, we might be able to make some savings in that area instead!

The youth of the area are barely able to afford rent and those that are lucky enough to be in jobs that allow them to scrape together money for a house really have nothing left at the end of the week so a rate rise will impact them severely. All three of my children have to leave the area every day to travel for work and this will impact their house saving budgets if they buy a house in the Port Stephens area.

Over 70% of submissions to Council's proposal were against the increase mine included. Over 2,000 people made their voices heard. Council ignored every single one of these people.

Thousands more locals have signed online and paper petitions. Local businesses are against this proposal.

There is, poor awareness about Council's proposed projects. This lack of awareness has been fuelled by Council changing amounts of money being allocated to projects, between when this proposal first went out for public submission, and what has been submitted to you.

This includes \$25million less over 10 years for roads. Perhaps the 30% of people who indicated a willingness for a rate rise in the first round of consultation may have opted for no increase had they seen the most recent proposal from Council.

There is no evidence that any of the projects proposed by Council are 'needs'. Rather, they appear to be 'wants'. I agree that most of the projects would be nice to have, but none of them are essential to Council continuing to operate.

Council has, in recent years, demonstrated a sound capacity to fund large-scale projects without the need for a rate increase.

Wages are stagnant, power prices are soaring, and the cost of petrol, insurances, and consumer goods is only increasing. Cost of living is rising and I am one of many people who are already struggling.

Pensioners are already deciding between turning the heater on in the dead of winter, or not spending that money so they can pay bills. Parents are already deciding whether they can

afford to buy bigger shoes to send their kids to school in, or whether they can afford a bigger school uniform. This is without a rate increase!

Port Stephens Council has ignored residents, and I ask that you listen to us when we say: this rate rise is unnecessary, unaffordable, and will cause extreme hardship for many.

I ask that you reject this application outright.

Regards

Siobhan Jacobs [REDACTED]
