Date of submission: Friday, July 24, 2015

Submission: I have read and understood the proposed amalgamation plan and the intention that the local councils need to be "fit for the future". I have read the response/submission from Leichhardt Local Council and seek to endorse their position not to amalgamate.

I would like to see Leichhardt Local council stay independent and believe their track record and current position are a clear indication that amalgamation would not benefit the residents of Leichhardt.

Please do not roll Leichhardt into an amalgamated "mega council".

Yours Sincerely,

Simon Percival
