Date of submission: Thursday, July 30, 2015

Submission: The City of Canterbury is an outstanding example of local government. As a senior citizen I am proud of and delighted with its proactive and comprehensive programs for seniors. But that is only one area in which it excels.

It has already consulted all of its constituents and they have overwhelmingly indicated that they wish Canterbury to continue to stand alone and Canterbury Council has submitted convincing evidence of its financial viability.

I urge you to listen to the voice of its citizen!
