Subject: Proposed rate rise

Hi i have lived in medowie smack on 12 months now and love it but the rate rise is by far a joke!!! This proposal is not affordable to many households including myself. Alot of us cant get a pay rise to co inside with inflation never alone a rate rise of 7 percent per year for 7 years.i would love to get 7 percent pay rise. How do you justify this? [REDACTED]

[REDACTED] I probably like so many other struggling house holds would have to sell there homes because of this hike!

Against rate rise

Thanks for nothing
