

IPART Submission - William Denis Upton

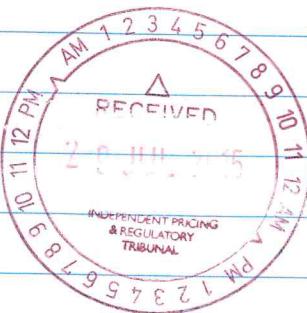

I have been a resident of the city of Sydney for 40 years and I am concerned about the proposed council amalgamation. I believe this amalgamation will put the future of Sydney at risk. It will be disruptive and I cannot see any benefit from it.

I believe the City of Sydney is already fit for the future and has scale & capacity to deliver services and infrastructure needed.

Sydney is becoming a global city and I believe the current City of Sydney team is responsible for this with their demonstrated effective governance, strong finances and skilled personnel.

I have confidence in the City of Sydney to continue to provide exemplary services to its residents and I hope my future is not threatened thanks to this nasty political campaign.

W. D. Upton.
