Submission: I am disgusted in the performance of coffs city council. I have a father in Buderim Sunshine Coast with a much similar size block as mine and he pays 2/3 of the rates I pay CURRENTLY. Look what they get up there immaculate roads, immaculate coastline, outdoor gym equipment. Everywhere you look it is well mainained and beautiful. Here we have corregated roads (Bray st), forshores are messy and outdated and the roads are atrocious, easement areas and around creeks are never maintained; grass shoulder height in west coffs. But hey I guess planting flowers on roundabouts must be more important. Not to mention the most expensive tip fees I have ever encountered. And when CHCC cant control spending or overpaying for jobs the answer will be oh well the home owners in the area can take one more for the team and cough up an extra \$200 a quarter. It's un acceptable to think because of CHCCs shortcomings ,Who WE PAY ridiculou saleries too, we home owmers who are just scraping by have to pick up the're slack.
