

Author name: J. Wray

Date of submission: Friday, 27 February 2015

Submission: My practice is housed in a building adjacent to [REDACTED]  
[REDACTED]. We have seen the most amazing transformation in traffic conditions and  
environs with superb lands and street scaping. I am aware of the reasons for ESC to propose the SRV and I support the  
initiative for the ability of council to protect our environment and improve facilities in our shire. Our council has my  
unqualified support on this matter
