

Residents First Woollahra supports the position adopted by Woollahra Council and opposes amalgamation and supports that Woollahra Municipal Council should stand-alone.

Residents First formerly known as the Woollahra Action Committee has had Alderman/Councillors on Woollahra Council representing the residents for over forty years and is aware of the mood of the Woollahra residents.

The Woollahra residents are opposed to amalgamation.

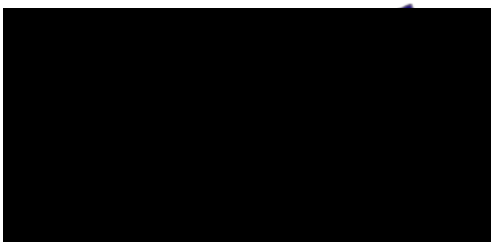

Woollahra Municipal Council is financially sound.

The Woollahra Council area has a strong community identity.

The Woollahra Council area is known for

- Its foreshore environment
- The heritage of Paddington
- Historic precincts
- Its tree lined streets
- Its parks and open spaces

Woollahra Council geographic area has limitations that cannot be overcome by amalgamation, namely the roads are near capacity, the already dense areas of population and there is little room for sustainable growth.
