Already a high price for council fees and theyre putting them up again. All the development that has been approved like appartments no where near public transport basically in the bush of north kellyville and even more getting approved and going up. Why are we paying for the council to purchase castle hill mall then just do more development. Build a hospital or a public high school in north kellyville instead of changing zoning and approving appartments for friends of council land. You see all the big land owners and council people looking after one another, lots of private parties at the hillside and BVH. We see you
