I am a homeowner who lives in Uralla. I am on a fixed income. I cannot afford a special rate variation. The council is being mismanaged, funds are being wasted. I do not consent to paying for poor management decisions. If the council stopped wasting money, they wouldnt need an increase in rates. Most people in Uralla are on limited fixed incomes and rate increases are going to negatively impact on residents. The housing market is already under pressure. Dont force people out of their homes with ridiculous rate changes. Council needs to be held accountable. Not given more money. Please do not increase rates. Rates are already high for the poor level of service ratepayers receive.
