2 POLICY

 - b) payment when due would cause the person hardship.

- 4.2 Undetectable Leak –where water has leaked from pipeline breaks or connections in the ground, under slabs or within walls and the leak is not clearly visible to the owner. It does not include leakage from an appliance, water pump, hot water system, irrigation system or rainwater tank.

6.3 Periodic Payment Agreements

- 6.3.1 Section 564 of the Local Government Act provides that Council may enter into a formal agreement with a ratepayer eligible for alternative periodic payments for due and payable rates and charges. A periodic payment agreement will be offered in accordance with Council's Debt Recovery Policy.
- 6.3.2 In addition to the Debt Recovery Policy provisions for Suitable Payment Arrangements, the following additional considerations can be applied for hardship relief.
 - a) Interest on outstanding amounts may be suspended for any period a periodic payment arrangement is in place and the ratepayer meets the agreed scheduled payments.
 - b) Maximum term can be extended up to 24 months.
 - c) Where repayment amounts will not pay the debt within 12 months, repayment schedules will be reviewed at the end of each 3-month period and upon the raising of further rates and charges for discussion with the ratepayer.

6.4 Hardship Assistance by Writing Off Accrued Interest and Costs

6.4.1 Council may write off accrued interest and costs on rates or charges payable by a person under Section 567 of the Act or charge 0% interest on overdue amounts for a set period of time where:

- a) The person was unable to pay the rates or charges when they become due for reasons beyond the person's control; or
- b) The person is unable to pay accrued interest for reasons beyond the person's control; or

6.4.2 The following circumstances will be taken into consideration in addition to the hardship assessment before any decision to write-off interest and costs:

- a) The ratepayer is a first-time defaulter, has previously had a good payment record and there are mitigating circumstances.
- b) The ratepayer has met their obligations under any periodic payment agreement with Council.
- c) Council is satisfied that the circumstances giving rise to the default are temporary.
- d) Alternatives to recover the entire debt are unavailable.

6.5 Hardship Assistance due to Certain Valuation Changes

6.5.1 Under section 601 of the Act, any ratepayer who incurs a rate increase following a new valuation of land values may apply to Council for rate relief in the first year the valuation is used for rating purposes, if the new rate payable causes the ratepayer to suffer substantial hardship.

6.5.2 Council will not consider hardship applications under this provision as valuations are determined independently by the NSW Valuer-General. Council will encourage ratepayers to make an appropriate application under the appeal provisions of the Valuation of Land Act.

6.5.3 Council has maximised its scope under the Act to adopt a rating structure that cushions the impact of any change in valuations on rates.

6.6 Extend Pensioner Concession to avoid Hardship

6.6.1 Section 577 of the Local Government Act, 1993 enables Council to make an order deeming certain persons who are jointly liable with an eligible pensioner or solely liable, but who are not themselves eligible, to be eligible pensioners for the purpose of a mandatory reduction in rates and charges to avoid hardship.

6.6.2 Section 582 of the Local Government Act, 1993 enables Council to waive or reduce rates, charges and accrued interest due by any person prescribed by the regulations who is in receipt of a pension, benefit or allowance under the Social Security Act 1991. Thus, council may, in its absolute discretion, further reduce on a voluntary basis (with no subsidy from the state government) rates and charges otherwise payable by an eligible pensioner.

6.6.3 Council may agree to allow the remainder of a pensioners rates, after concessions have been deducted, to accrue against the future estate or sale of the land in appropriate cases.

6.7 Hardship Assistance for Postponed Rates

6.7.1 A rateable person may apply for postponed rates [section 585].

6.7.2 Interest on postponed rates accrues as if the rates were overdue rates [section 592].

- 6.7.3 If 5 years have elapsed since the commencement of a rating year for which part of the rates levied on land have been postponed, the part postponed and any interest accrued on that part may be written off by the council [section 595].
- 6.7.4 Only ratepayers who are owner occupiers who would face hardship will be eligible to apply for postponed rates to be written off in accordance with section 6.7.3 of this policy.
- 6.7.5 Any application for hardship assistance in relation to postponed rates will be assessed in accordance with the same criteria used to assess hardship assistance in respect of rates and annual charges.

- e) The property to which the application applies must be categorised as residential for rating purposes and be separately metered.
- f) The application must be received by Council within 30 days of the owner/agent becoming aware of the leak, or within 30 days of the date of a letter issued by Council to the owner advising of the higher than normal water use, or the issue of the water usage account, whichever comes first.
- g) The application must provide evidence confirming that immediate and effective action was taken to rectify the water leak as soon as was reasonably possible.

- 6.10.4 The allowance will be equivalent to 10 kilolitres of the water used in any billing period, as recorded by the water meter connected to the premise. This allowance is above the amount of the estimated volume of water utilised by a dialysis machine for the average haemodialysis patient, as supplied by the Area Health Service, being 25 kilolitres per annum.
- 6.10.5 The allowance will commence in the water billing period in which Council is notified of the haemodialysis machine being installed at the premise.
