## Message from the Mayor and General Manager

During 2009 and 2010 Council carried out community surveys and workshops to determine the community's vision and Council's mission for at least the next 10 years.

The following values/principles were established to guide Council:-

Kiama Council:-

- values the commitment of the community to our local region;
- recognises the value of the areas rural and coastal lifestyle;
- will strive to maintain the natural beauty of the environment;
- will plan for sustainability;
- will build on the strengths of the community to create a Municipality that is a vibrant place to live, work and enjoy.

The above values/principles set the framework for the Community Strategic Plan which is the overall planning document for Kiama. It has a 10 year timeframe (2011-21) and encompasses a broad range of goals that will need input and support from a range of organisations and government agencies to achieve. It is supported by a 10 year Resource Strategy that addresses Council's Asset Management, Long Term Financial Planning and Workforce Planning.

The Operational Plan 2012-2013 details the activities to be undertaken during the financial year. The Operational Plan also includes Council's detailed annual budget. The 2012-13 Fees and Charges are available in a separate document.

The Community Strategic Plan and Operational Plan are to be placed on public exhibition from 5 May 2012 to 1 June 2012. The community is invited to inspect the plans and to make written submissions during the public review process so that Council can consider any such comments before the final Operational Plan is adopted. All Councillors have a strong wish for such community involvement, and Council staff will be pleased to advise any additional information that is requested.

A key element of the Operational Plan is the Budget for 2012/2013 year and residents are encouraged to seek out full details on this important element. The projected Budget will exceed \$59million (excluding depreciation). A balanced Budget involving the use of some of Council's reserves to carry out some needed Capital Works is expected at the time of preparation of the Plan.

The Draft Budget is based on the 3.6% rate variation approved by the Independent Pricing and Regulatory Tribunal. This variation includes an amount of 0.4% to meet increased costs as a result of the introduction of the carbon price which is effective from 1 July 2012.

Kiama Council remains in a sound financial position. However Council, through the development of a Ten Year Financial Plan has identified the need to raise extra revenue to address the issues of infrastructure maintenance and renewal work. If Council does not raise additional revenue to spend on the maintenance and renewal of assets, Council and the community will experience deterioration of its infrastructure assets resulting in failing assets and significant financial sustainability challenges.

Councils are also finding it difficult to achieve balanced budgets when the cost of wages, materials and utility charges are increasing at a greater rate than income. In addition there has been long term cost shifting to local government from Federal and State Governments where Councils are required to carry out additional activities without appropriate compensation.

During the 2011/2012 financial year Council received government funding of \$418,000 under the Australian Government Digital Hub program and in partnership with the Kiama Community College a further \$279,000 was granted to the College under the Digital Enterprise program. Both of these programs operating from the Kiama Library will provide access to digital technology along with free group and one on one training for individuals, businesses, community and volunteer organisations.

Council has also been successful in accessing \$408,000 under the Digital Local Government program. This funding will allow for the establishment of an on-line community engagement platform enabling real time on-line engagement between Council and residents. To be deployed initially in 2012/2013 with the environmental waste education program in future years the use of this technology will become an integral component of Councils ongoing engagement with the community.

The Works Program for 2012/2013 continues to place a strong emphasis on capital renewal including works identified in Council's application in 2009 to the Division of Local Government for a special rate variation. Council is proposing to borrow new funds in the 2012/2013 year. Council has applied, through the Division of Local Government, for a 4% loan interest subsidy to help fund Council's Infrastructure backlog. Council proposes to borrow loan funds totalling \$2.55M to fund two projects being the:-

- Kiama Leisure Centre Roof Replacement and Upgrade totalling \$1.47M
- Road Renewal Works program totalling \$1.1M

The total works program of \$4.5 million also includes the following works:-

- ♦ Fern Street to Miller Street Gerringong cycleway;
- ♦ Continuation of Flood Study;
- ♦ Belinda Street Gerringong (Fern to Tasman) Footpath;
- ♦ Terralong Street Kiama (Collins to Thompson) Streetscape;
- ♦ Bland Street/Old Saddleback Mountain Road Kiama roundabout.

- ♦ Manning & Bonaira Streets Kiama roundabout/raised pedestrian crossing
- ♦ Black Beach Kiama Promenade Widening & Erosion Control
- ♦ Kiama War Memorial – Commemorative Walk (Stage 1)

Under the theme of Community, Council will implement a number of programs to support community health and safety. Kiama Council is viewed as a leader in the provision of community services. During 2012/2013 it is planned to continue with a broad range of community services from new NBN initiatives at the library, to improved youth services and continuing aged care. A major objective is to finalise the preferred option for the redevelopment of the Blue Haven Aged Care Facility to accommodate another 52 low-care beds and to seek development approval.

During the year Council will begin implementing the new Kiama Health Plan 2011-2017 “Creating Environments for Health and Sustainable Living”, a document that continues to serve as a blueprint for delivering our shared vision of a healthy community.

In conjunction with Council’s Community Strategic Plan for a liveable resilient community the Kiama Health Plan provides a framework for the promotion of individual community well-being and environmental sustainability. It aims to make a difference for our citizens and visitors to our community, by planning and undertaking realistic, achievable and sustainable activities which build our capacity to achieve health gains.

Under the theme of Environment, and Planning for Climate Change Council will be reviewing the Estuary Management Plans for the Crooked & Minnamurra Rivers and completing a Flood Study and Hazard Assessment prior to developing a Coastal Zone Management Plan .

In the areas of natural resource management Council will implement strategies identified in the Regional Biodiversity Action Plan and participate in the review of the regional Catchment Management Action Plan aimed at improving, enhancing and preserving the local biodiversity, waterways and ecosystem.

Initiatives and actions will be continued to be implemented to reduce energy and water consumption and green house gas emissions from Council facilities including Kiama Leisure Centre, Holiday Parks and other Council facilities.

Planning and implementation will be undertaken for the development of a new alternative waste treatment facility. This will be aligned with the progressive implementation of a new organics, recycling and waste collection service to be first trialled in selected collection areas.

The new Local Environmental Plan 2011 was gazetted on 16<sup>th</sup> December 2011. This will be followed by a new Development Control Plan for the Municipality due for completion in July 2012.

Council will continue to ensure legislation compliance through the processing of development applications, inspection of food premises, onsite sewerage management systems, pollution incidents, parking, animal control and tree management.

Under the theme of the Economy, Council will continue to support the business community through the holding of business development seminars and workshops and the carrying out of promotional activity. Council will continue to work with and provide funding for Kiama Tourism. Council will also provide funding support for key community events.

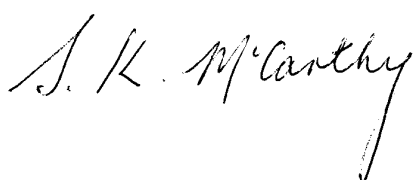

Council, as a major local employer, will continue to provide training, cadetship and apprenticeship opportunities.

Civic leadership is an important role for Council. A number of administrative and governance measures will be carried out to further enhance efficiencies and ensure transparency and accountability. Local Government elections will be held in September 2012.

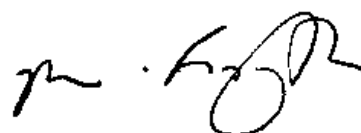

A number of information technology improvements are proposed including the introduction of electronic document and customer request management systems. Council will in collaboration with Regional (Development Australia (Illawarra), Wollongong City Council and Shellharbour City Council contribute to the development of a regional digital strategy to maximise the opportunities available through the regional rollout of the National Broadband Network.

In association with the new Integrated Plans, a set of new key performance indicators will be put in place to enable an assessment of Council's performance over time.

The Integrated Plans, including the Community Strategic Plan and Operational Plan, provide further details of the activities Council is carrying out. Members of the community are encouraged to read the documents and in particular the Budget within the Operational Plan and submit comments that will be reviewed by Council.

Sandra McCarthy  
**Mayor**

Michael Forsyth  
**General Manager**

***Your Elected Councillors:***

Councillors back row, left to right: Councillor Trevor Fredericks, Councillor Brian Petschler (Deputy Mayor), Councillor Neil Reilly, Councillor Ben van der Wijngaart.

Front row, left to right: Councillor Peter Bowman, Councillor Lexie Wheeler, Councillor Sandra McCarthy (Mayor), Councillor Monique Dare-Ward, Councillor Warren Steel.

## ***Our Vision***

### **Vision**

A Municipality working together for a healthy, sustainable & caring community.

### **Mission**

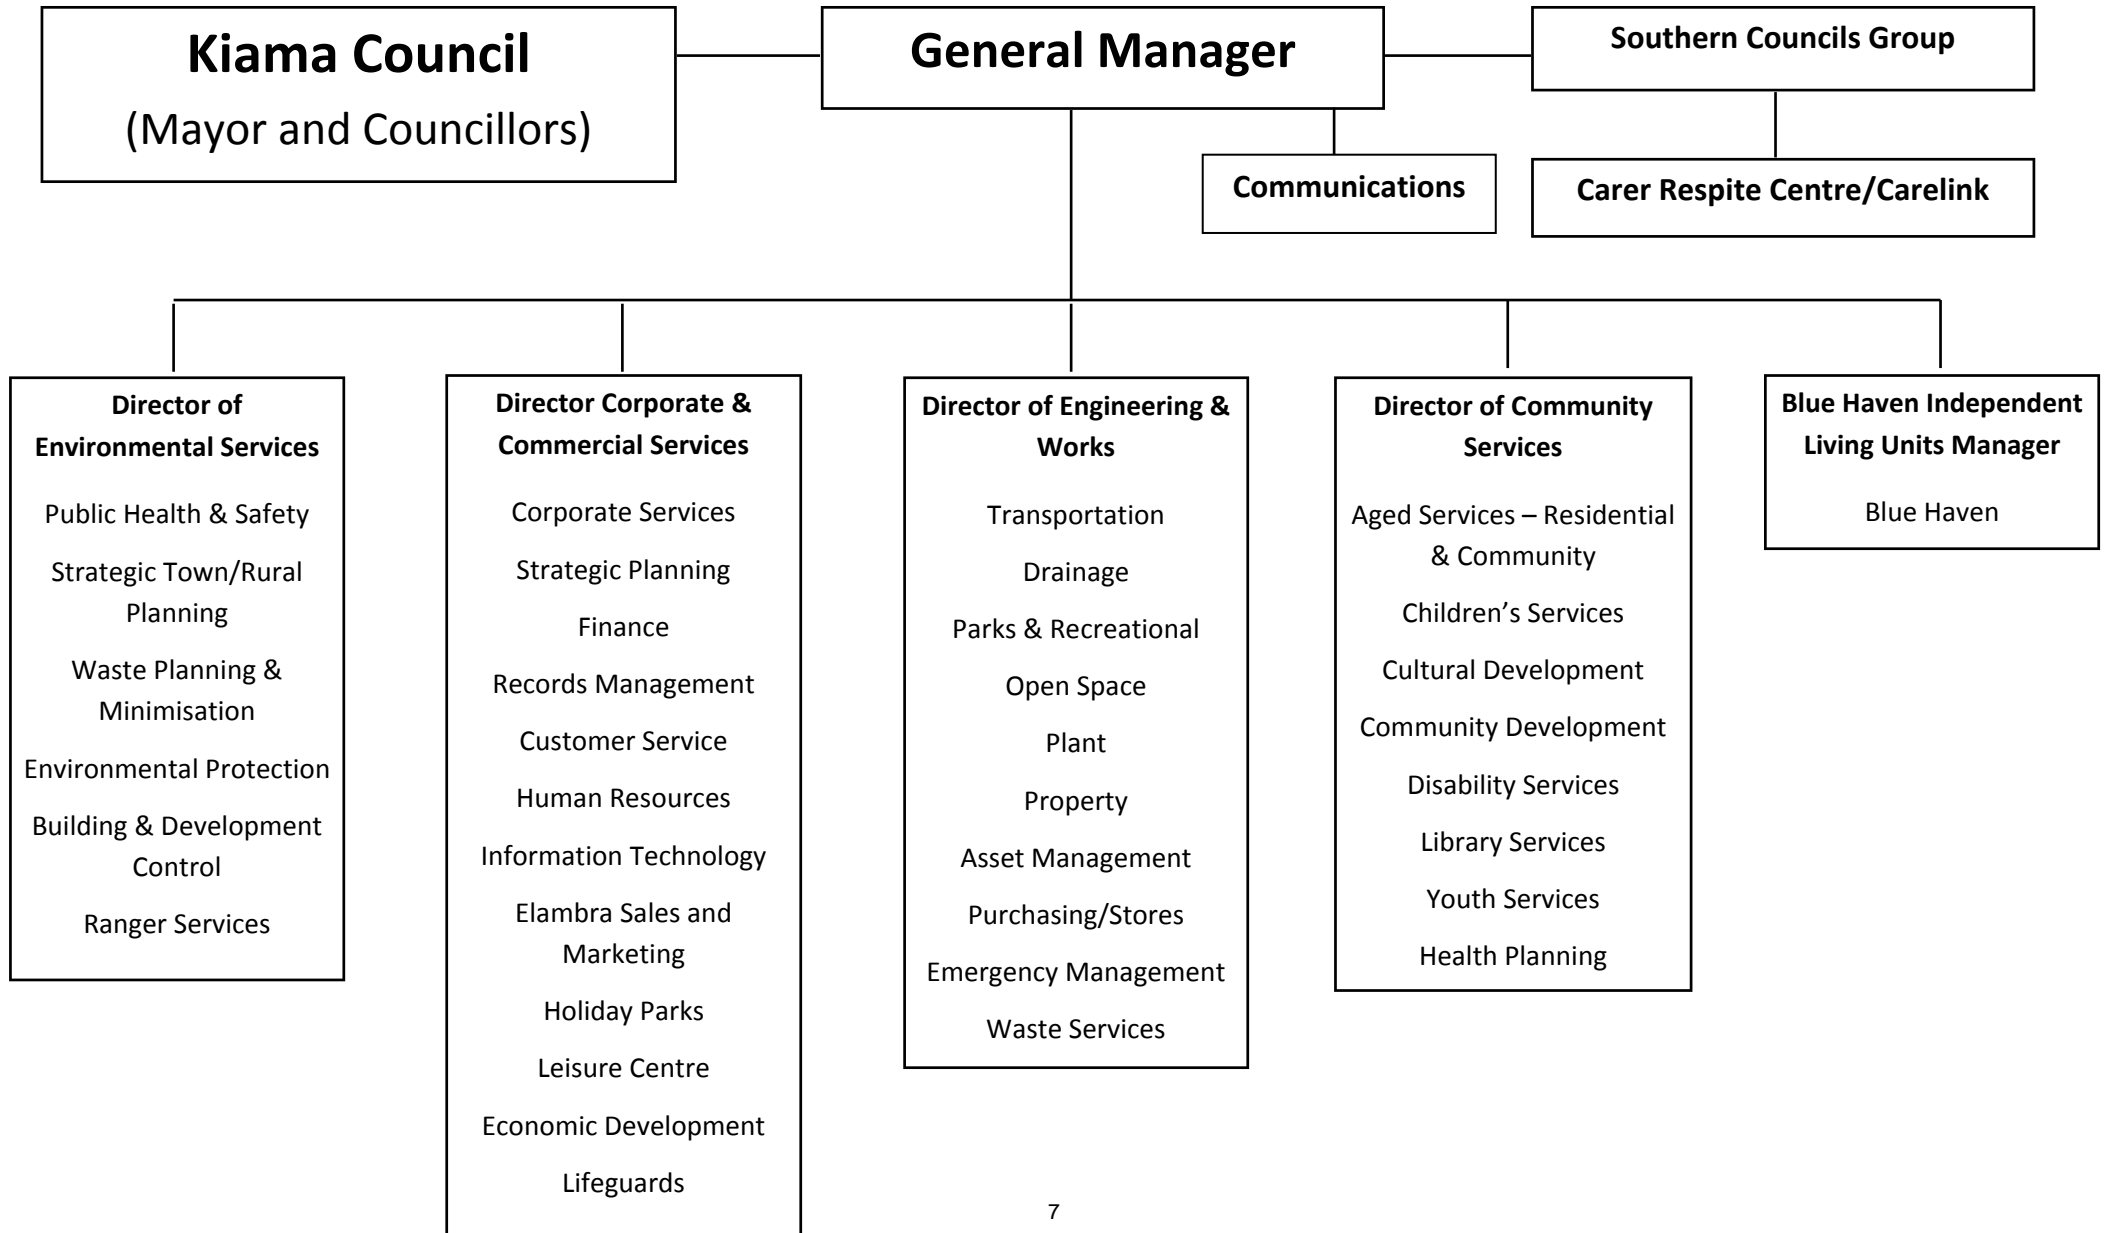

Kiama Council will work to create a Municipality that has a healthy vibrant lifestyle, beautiful environment and harmonious, connected and resilient community.

### **Values/Principles**

Kiama Council:

- Values the commitment of the community to our local region
- Recognises the value of the area's rural and coastal lifestyle
- Will strive to maintain the natural beauty of the environment
- Will plan for sustainability
- Will build on the strengths of the community to create a Municipality that is a vibrant place to live, work and enjoy.

### ***What is the Operational Plan?***

The Operational Plan is one layer of the Planning and Reporting framework that all NSW Councils must develop to meet the requirements of the Local Government Amendment (Planning & Reporting) Act 2009.

The Community Strategic Plan is the overall planning document for Kiama. It has a 10 year timeframe (2011-21) and encompasses a broad range of goals that will need input and support from a range of organisations and government agencies to achieve. It is supported by a 10 year Resourcing Strategy that addresses Council's Asset Management, Long Term Financial Planning and Workforce Planning.

The Delivery Program 2011-2013 is based on the Community Strategic Plan and outlines the actions that Kiama Council will undertake to work towards addressing the goals and strategies.

The Operational Plan 2012-2013 completes the planning documents and details the activities to be undertaken during the financial year to deliver the commitments of the Delivery Program. The Operational Plan also includes Council's detailed annual budget. The 2012-13 Fees and Charges are available in a separate document.

This three tiered process ensures that there are clear links between the long term goals of the community and the activities of Council. The diagram below demonstrates these linkages, highlighting the Operational Plan.

#### **Community Strategic Plan**

**2011 – 2021**

#### **Delivery Program**

**2011 – 2013**

#### **Operational Plan**

**2012 - 2013**

### ***Measuring and Reporting Progress***

Kiama Council is committed to providing open and honest feedback to the community about the progress being made toward meeting community goals, and whether the desired results are being achieved.

Different strategies will be utilised to measure progress, dependent on whether we are measuring 10 year goals from the Community Strategic Plan, 4 year goals from the Delivery Program, or 1 year goals from the Operational Plan. Council will focus on measuring in two key ways:

- **Outcomes:** Are the strategies being undertaken and the services we are providing making a difference? Has community satisfaction increased? Has the condition of our natural environment, urban areas and lifestyle improved?
- **Outputs/inputs:** Have we been delivering services and programs on time, within budget, and to stated standards? What did we do and how often did we do it?

To report on the Operational Plan, the focus will be on outputs and inputs and whether or not Council has delivered its programs and services within budget and to timeframes.

The following diagram outlines the measuring and reporting framework that Council will be adopting across all the Integrated Planning documents and highlights the Operational Plan.

Plan	What are we measuring?	What measures will be used?	When will results be reported to the community?
<b>Community Strategic Plan 2011 – 2021</b>	<p>What progress is being made towards the goals identified in the CSP that focus on the theme areas of:</p> <ul style="list-style-type: none"> <li>• Community</li> <li>• Environment</li> <li>• Economy</li> <li>• Civic Leadership</li> </ul> <p>There are a range of stakeholders working towards these goals</p>	<p>Measures that tell us about the condition of the natural environment, our built infrastructure and our human and social assets.</p> <p>We will use a range of statistics as well as results from broad community surveys and consultation.</p>	<p>A report will be prepared every four years at the end of each Council term.</p>
<b>Delivery Program 2011 – 2013</b>	<p>The outcomes of the Council's service delivery – whether the Council is making a positive difference for the community through its service delivery</p>	<p>Service outcome measures that focus on the condition of the built assets Council is responsible for and community satisfaction with the services that Council provides.</p> <p>We will use a range of statistics, service reports and targeted satisfaction surveys</p>	<p>A progress report will be prepared every six months and tabled in Council.</p>
<b>Operational Plan 2012 – 2013</b>	<p>The outputs/inputs of council's service delivery – whether the Council is delivering its activities as planned and within its financial budget</p>	<p>Service output/input measures with a focus on completion of activities on time and within budget</p>	<p>A progress report will be prepared quarterly and tabled in Council.</p> <p>An annual report (including audited financial reports) will be prepared at the end of the financial year (and will include a report on the state of the environment every four years)</p>
<p><b>Supporting Documents:</b></p> <ul style="list-style-type: none"> <li>• Long Term Financial Plan</li> <li>• Asset Management Plan</li> <li>• Workforce Plan</li> </ul>	<p>The sustainability of Council. Whether we are improving our overall performance and viability as an organisation.</p>	<p>Organisational sustainability measures with a focus on financial, asset and human resource measures.</p>	<p>A progress report will be included in Council's Annual Report each year</p>

## STATEMENT OF REVENUE POLICY 2012/2013

---

1	Overview
2	Estimates of Income and Expenditure
3	Rates
4	Charges
5	Fees
6	Pricing Policy
7	Private Works
8	Proposed Borrowings

## **1 Overview**

Council's revenue and accounting policies are kept in accordance with the Australian Accounting Standards Board (AASB).

Also Council abides by the:

- Local Government Act (1993)
- Local Government (General Regulation 2005)
- Local Government Code of Accounting Practice & Financial Reporting

## **2 *Estimates of Income and Expenditure 2012/2013***

The Delivery Plan and the Operational Plan includes Council's anticipated expenses and revenues.

During the preparation of the budget by the Departments, the objectives of the budget were:

- To meet the stated policies and procedures of Council
- To maximise income from all existing sources subject to the stated policies of Council
- To provide works and services at sustainable levels
- To achieve economy of operation
- To achieve further self-funding avenues where appropriate

The 2012/2013 estimates have been prepared as a balanced budget excluding depreciation. As has been the situation in recent years, there are increasing difficulties being experienced in retaining the current service levels provided to the community.

The decline in Government grants in real terms, rating revenue falling below the inflation level over the last decade due to the State Government's rate pegging legislation, and the lack of other recurrent income flows, are the principal reasons for the difficulties in maintaining service levels. Therefore, as a result, Council's income is not growing at the same level as its expenditure and this continues to be a major concern for Council.

Council is and will continue to review service levels, and Council activities will unfortunately be reduced and in some areas will not be delivered in the future.

The annual charges for domestic waste management and trade waste are proposed to increase to assist with cost increases, including the Section 88 levy under the Waste Minimisation and Management Act. The waste management services will continue to be carried out by Council's Waste Business Unit.

### 3 *Revenue Policy for Ordinary Rates to be Levied*

Council will continue to levy base charges to the residential and farmland categories, which were introduced in the 1994/1995 rating year. Council calculates these rate bills in the following way:

$$\text{Rate Bill} = \text{Base Rate} + (\text{Land Value} \times \text{Ad Valorem amount})$$

It was also determined at that time that it would not be appropriate to levy a base charge to the Business – Commercial/Industry category as it would severely disadvantage the small business sector.

The Business – Ordinary category will once again be totally based on land value, to capture those properties, which do not meet the criteria of the previously mentioned categories.

A pension rebate to a maximum of \$250 per annum (subject to Ministerial approval) will be applied to properties where person(s) meet the “eligible pensioners” criteria.

Council has applied the rate pegging increase approved by the Independent Pricing & Regulatory Tribunal of 3.6%. The rate peg includes an amount of 0.4% to meet increased costs as a result of the introduction of the carbon price which is effective from 1 July 2012.

Council’s proposed policy as applied to rating is to be as follows:

#### WITH RATE VARIATION OF 3.6%

Rate Type	Category	Sub-Category	Ad Valorem Amount in Cents in \$	Base Amount		Total Rate Yield \$
				\$	% of Total of Revenue	
Ordinary	Residential	-	0.002014	634.00	49.15	11,394,317.06
Ordinary	Farmland	-	0.000875	634.00	34.73	631,682.51
Ordinary	Residential	Rural	0.002014	634.00	24.66	82,278.92
Ordinary	Business	Commercial/Industrial*	0.00465	634.00 Min	Nil	944,136.81
Ordinary	Business	Ordinary	0.00277	-	Nil	16,899.30

\*A minimum rate of \$634.00 will apply to the Business – Commercial/Industrial sub-category.

A contribution of approximately \$245,000 has been included in the 2012/2013 estimates for tourism purposes, \$210,000 of this contribution will be financed from the estimated rate yield from the business sector. The additional \$30,000 is a contribution from Council's Kendalls Beach Holiday Park. Also, Tourism Kiama receives an annual rental subsidy of approximately \$25,000.

### **Categorisation of Land**

In accordance with Section 514 of the Local Government Act, 1993 each parcel of land within the Council area has been categorised for rating purposes. Original notices were forwarded to owners in May 1994. In 2010 notices were sent to owners of land categorised farmland.

### **Valuations – Base Date 1/7/2009**

The rates levied in the 2012/2013 year will be based on land values totalling \$3,569,241,010 with a base date of 1 July 2009, as determined by the Valuer General's Department.

### **Criteria for Determining Base Amount**

Council will generate rating income from the base charges as follows:

	<b>Base Amount - \$</b>	<b>% of Total Revenue</b>	<b>Total Yield - \$</b>
Residential	634.00	49.15	5,602,658
Farmland	634.00	34.73	219,364
Rural Residential	634.00	24.66	20,288
Total Amount Generated from Base Charges			5,842,310

### **Statement of Rating Categorisation**

#### ***Residential***

The categorisation determined by this ordinary rate will result in a common base charge of \$634.00 (49.15%) being applied to all parcels of land, along with an ad valorem rate in the dollar of 0.002014 cents on a rateable value of \$2,875,699,632 including mixed development properties. The estimated yield from this category is \$11,394,317.06. No minimum rates will be applicable to this category.

***Residential - Rural***

The categorisation determined by this ordinary rate will result in a common base charge of \$634.00 (24.66%) being applied to all parcels of land, along with an ad valorem rate in the dollar of 0.002014 cents on a rateable value of \$30,780,000. The estimated yield from this category is \$82,278.92. No minimum rates will be applicable to this category.

***Farmland***

The categorisation determined by this ordinary rate will result in a common base charge of \$634.00 (34.73%) being applied to all parcels of land, along with an ad valorem rate in the dollar of 0.000875 cents on a rateable value of \$471,221,150. The estimated yield from this category is \$631,682.51. No minimum rates will be applicable to this category.

***Business - Ordinary***

The categorisation determined by this ordinary rate will result in an ad valorem rate in the dollar of 0.00277 cents only being applied on a rateable value of \$6,100,830. The estimated yield from this category is \$16,899.30. No minimum rates will be applicable to this category.

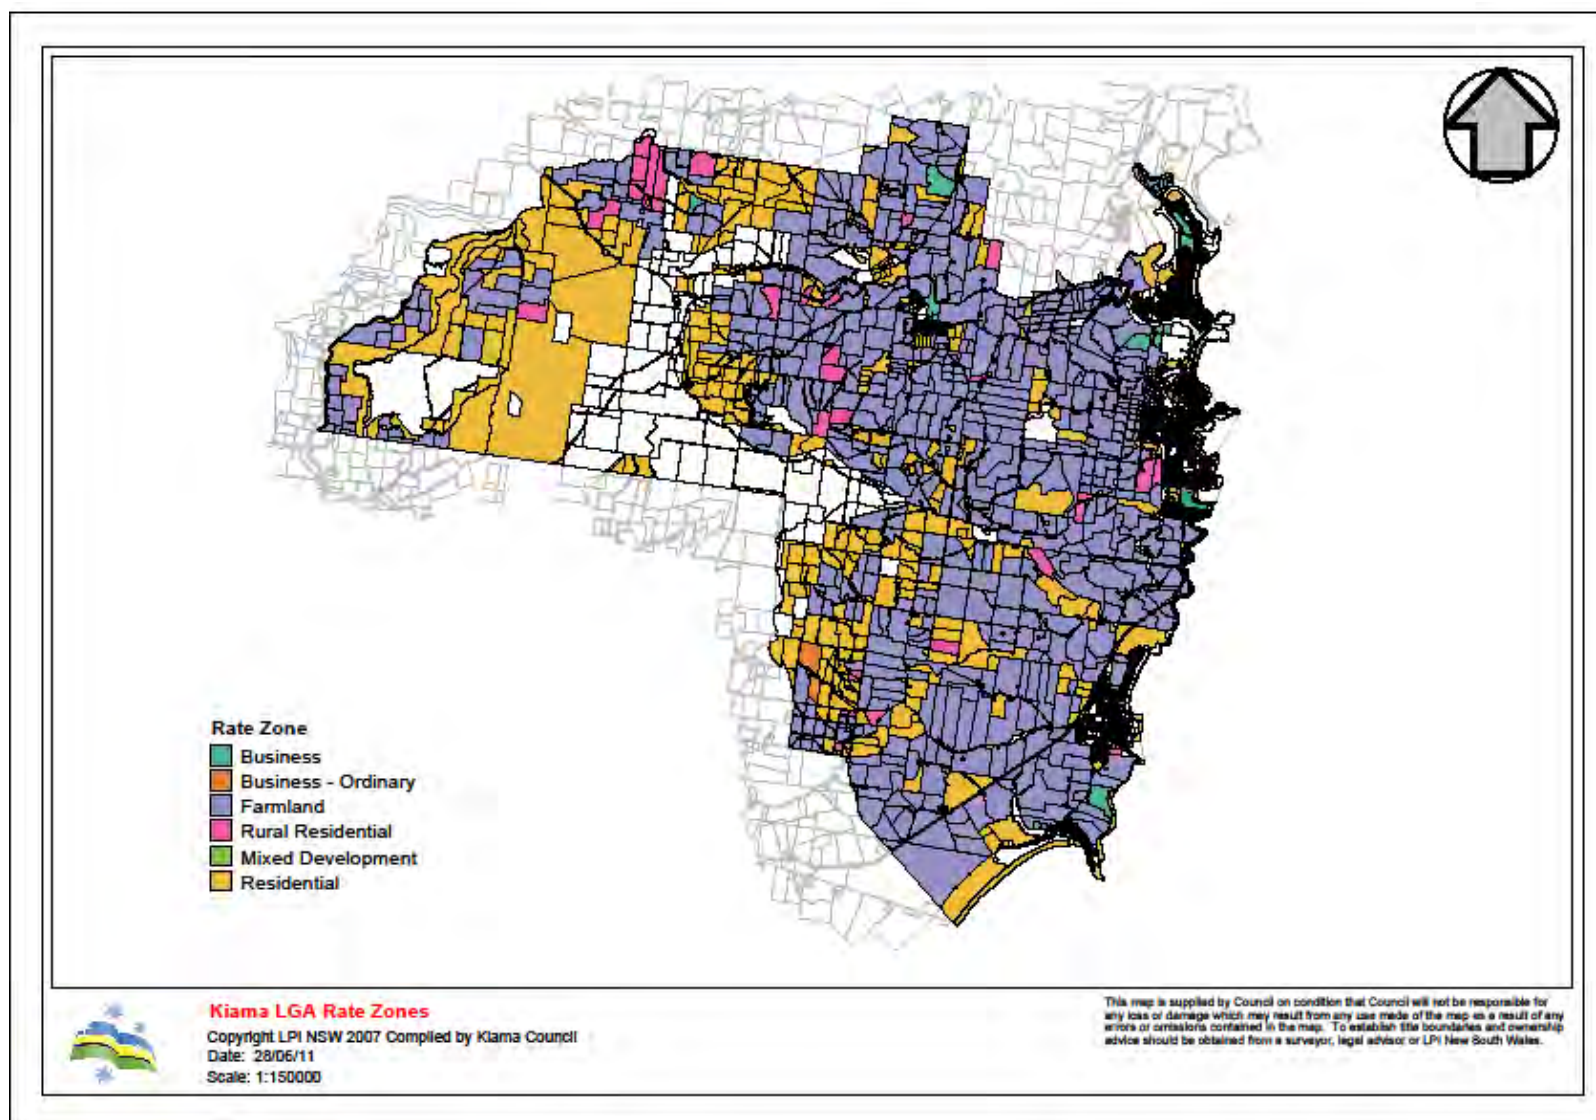

***Business – Commercial/Industrial***

The categorisation determined by this ordinary rate will result in an ad valorem rate in the dollar of 0.00465 cents being applied on a rateable value of \$177,582,458 including mixed development properties. A minimum rate of \$634.00 will be applicable to this category, for those properties with a land value under \$136,300. The total land value for these is \$11,849,546. The estimated yield from this category is \$944,136.81

***Interest on Rates and Charges***

Each year the Department of Local Government advises the maximum interest rate that Councils can apply to overdue rates and charges.

The maximum percentage rate for overdue rates and charges for 2012/2013 is 11% (subject to approval by Division of Local Government).

#### **4 Revenue Policy for Charges Proposed to be levied.**

Council is authorised under the Local Government Act, 1993 to apply a charge for various services it provides. In this regard, the following charges are proposed for the 2012/2013 year.

##### **Domestic Waste Management Charge**

In accordance with Section 496 of the Local Government Act, 1993 Council proposed to levy an annual charge for the provision of domestic waste management services to those properties, which fall within the gazetted residential scavenging area as follows:

##### **Urban Area Services**

###### Premises

Weekly garbage 240 litre bin, fortnightly recycling 240 litre bin, fortnightly green waste 240 litre bin & clean up services	\$551.76 per annum
Weekly garbage 140 litre bin, fortnightly recycling 240 litre bin, fortnightly green waste 240 litre bin & clean up services	\$412.59 per annum
Weekly garbage 80 litre bin, fortnightly recycling 240 litre bin, fortnightly green waste 240 litre bin & clean up services	\$394.72 per annum`
Vacant land	\$54.50 per annum
Additional 240 litre recycling bin serviced fortnightly (Plus additional bin purchase charge)	\$80.00 per annum
Additional 240 litre green waste bin serviced fortnightly (Plus additional bin purchase charge)	\$80.00 per annum

##### **Annual Waste and Recycling Service Charges for Service Apartments and Tourist Accommodation**

The following charges apply to multi-storey service apartments and tourist accommodation in urban areas:

- Weekly garbage 80 litre bin/Fortnightly recycling 240 litre bin only \$340.13 per annum (Suitable for a one bedroom serviced apartment/unit) \*
- Weekly garbage 140 litre bin/Fortnightly 240 litre bin only\* \$357.85 per annum (Suitable for two bedroom tourist serviced apartment/unit).
- Weekly garbage 240 litre bin/Fortnightly Recycling 240 litre bin only\* \$516.08 per annum (Suitable for three bedroom tourist serviced apartment/unit).
- 

**\*No green-waste or clean up service provided. Additional services can be provided for garbage and recycling subject to applicable charges.**

The Domestic Waste Management Charge overall for 2012/2013 will increase by 15.96%.

This includes projected CPI increases for contracted charges for garbage, recycling and green waste collection services and other operational and processing costs.

Also included is the increased cost associated with tipping fees paid to Shellharbour Council that incorporates the Section 88 Waste Levy Payment (from \$78.60 to \$92.10 per tonne being a 17% increase) to the Office of Environment & Heritage. The tip fees have increased from \$219 to \$267 per tonne (an increase of \$48 per tonne or 21.91% levy inclusive and new Carbon Tax on waste to landfill estimated at \$27 per tonne).

It is estimated that approximately 8365 services to occupied urban premises will be provided with weekly garbage and fortnightly recycling/green waste services, 2 clean up services with an estimated 250 vacant land properties being subject to the vacant land charge. A weekly recycling service will be provided to urban premises during the months of December and January.

Various residential unit developments will be provided with garbage and recycling services and will be charged the annual Domestic Waste Management Charge on an individual unit basis, based upon the size of the garbage bin selected by the owner. The provision of the green waste collection service to residential units is available and is dependent on the determination of the owner or the strata body corporate.

The estimated yield from these charges is approximately \$3,661,848 as per income. In determining these charges, Council has considered the reasonable costs it will incur through collection and processing costs, ongoing rehabilitation works, waste disposal costs and the waste levy being charged to Council by the State Government.

In accordance with Section 502 of the Local Government Act, 1993, Council proposes to levy a charge of \$10.00 per service for the recollection of waste/recycling bins, where the waste/recycling has not been disposed of in accordance with Council's guidelines. A \$33 charge is applicable for changing the garbage bin sizes.

Separate charges are applicable for the supply and delivery of new bins to new premises and or replacement bins as follows:

- 360 litre bin \$110.00
- 240 litre bin \$77.00
- 140 litre bin \$71.50
- 80 litre bin \$66.00

#### ***Charges for the Collection of Waste from Non-Residential Properties***

In accordance with Section 501 of the Local Government Act, 1993, the following annual charge will apply to the selected services as provided:

## Commercial and Annual Charge

- 240 litre bin (Garbage weekly) + 240 litre (Recycling Weekly).....\$583.15
- 240 litre bin (Garbage weekly) + 240 litre (Recycling Fortnightly) .....\$521.10
- 140 litre bin (Garbage weekly) + 240 litre (Recycling Fortnightly) .....\$402.35

In accordance with Section 502 of the Local Government Act, 1993, the following charge for each additional service will apply:

- 240 litre bin (additional services) ..... \$11.00 per service

## ***Recyclable Materials Collection (Per Service)***

### Paper/Cardboard and/or co-mingled recycling (GST Inclusive)

Small 1,100 litre container \$18.00

### Glass, Aluminium, Steel, PET, HDPE, etc (GST Inclusive)

240 litre bin \$8.00

360 litre bin \$12.00

## ***Mini Skips***

Includes Section 88 Levy Includes Tip Fee (GST Inclusive)

- 2 cubic metres .....\$235.00
- 3 cubic metres .....\$300.00
- 4 cubic metres .....\$380.00
- 5 cubic metres .....\$456.00
- 6 cubic metres .....\$547.00

### Weekly Rental after 7 days (GST Inclusive)

- 2 cubic metres .....\$15.00
- 3 cubic metres .....\$20.00
- 4 cubic metres .....\$25.00
- 5 cubic metres .....\$30.00
- 6 cubic metres .....\$35.00

In determining these charges Council has considered the cost of providing the service, disposal costs, some rehabilitation work at tip sites, administration expenses, depreciation, Section 88 levy and other overheads plus a return.

***Rural Collection Service***

In accordance with Section 501 of the Local Government Act, 1993, the following annual charge is proposed:

***Annual Charge***

Rural Collection Service (Kiama Municipality) \$338.85

In determining this charge Council has considered the cost of providing the service, disposal costs, some rehabilitation works, administration expenses, depreciation, Section 88 levy payments and other overheads.

- Supply a service, product or commodity;
- Giving information;
- Providing a service in connection with the exercise of the Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- Allowing admission to any building or enclosure.

***Onsite Sewage Management***

There are approximately 800 Onsite Sewage Management Systems (OSMS) located in the Kiama Local Government Area. Under the provisions of the Local Government Act 1993 OSMS have been either classified as high risk or medium to low risk.

High risk sites are inspected on an annual basis and a charge of \$110.25 is applicable.

Medium to low risk sites are inspected every four years or more frequent as required and an annual charge of \$31.25 is applicable.

## ***5 Revenue Policy for Fees Proposed to be Charged***

Council may charge and recover an approved fee for any service it provides (Section 608), other than a service provided, or proposed to be provided, on an annual basis for which it may make an annual charge under Section 501.

Services for which an approved fee may be charged include the following in accordance with Section 608(2):

- Supply a service, product or commodity;
- Giving information;

- Providing a service in connection with the exercise of the Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- Allowing admission to any building or enclosure.

The structure of the fees charged has been reviewed in light of costs involved in providing the services. In accordance with Section 404(1) of the Local Government Act, 1993, the fees schedule proposed to be charged for the 2012/2013 year is appended as a separate document to the Plan. The schedule identifies which fees for goods and service are inclusive of the GST and which are exempt.

## 6 *Pricing Policy for Proposed Fees*

In determining the amounts of approved fees, Council must give consideration to the following:

- The cost of provision of the service;
- Recommended prices suggested by outside bodies;
- The importance of the service;
- Fees which are regulated by legislation; and
- The Goods and Service Tax Legislation.

## 7 *Proposed Charges for Works Carried Out on Private Land*

Council may, by agreement with the owner or occupier of any private land, carry out on the land any kind of work that may lawfully be carried out on the land.

Council's policy in relation to charging for these private works is as follows:

<b>External Plant Hiring Rates Are:</b>	Reviewed each year based on a commercial rate of return on capital invested
<b>Additional Labour</b>	Actual cost plus 36.9% for overheads
<b>Stores and Materials etc.</b>	Actual cost plus 25% for overheads
<b>Administration</b>	10% of the total costs of the works is added to cover administrative expenses

## 8 *Proposed Loan Borrowings*

Council is proposing to borrow new funds in the 2012/2013 year. Council has applied, through the Division of Local Government, for a 4% loan interest subsidy to help fund Council's Infrastructure backlog. Council proposes to borrow loan funds totalling \$2.6M to fund two projects being the:-

- Kiama Leisure Roof Replacement and Upgrade totalling \$1.5M
- The Road Renewal Works program totalling \$1.1M

## Kiama Municipal Council 2012/2013 Income Statement
