SPECIAL
RATE VARIATION

INFRASTRUCTURE RENEWAL LEVY

In June 2004, following extensive community consultation, the NSW Minister for Local Government approved a special rate variation of 7.5% for a period of 15 years. This special variation is to be known as the infrastructure renewal levy and will be used to upgrade roads, footpaths, stormwater drainage, town centres and associated assets. In 2012-13, the eighth year of the levy, the amount raised was \$3,314,000. Works that were funded or partially funded from the levy are listed below.
