Email: council@canterbury.nsw.gov.au

Phone: **9789 9300**

The starting point for the Rates and Services Review is the vision our community has for the future of the City of Canterbury, which is outlined in our Community Strategic Plan (you can get a copy of this from haveyoursaycanterbury.com.au).

During the preparation of this Plan, people told us their priorities were better roads, less traffic congestion, good parks and gardens, balanced development, a cleaner Cooks River, better shopping, and a cleaner, safer, and greener City.

What council services do you think are most important in achieving these priorities?
