Email: council@canterbury.nsw.gov.au

Phone: **9789 9300**

A central element of our Rates and Services Review is the Community Working Group, a randomly selected representative sample of the Canterbury community. We are exploring options for the range and level of services, and the means to fund these, in a series of conversations with the group.

At their first meeting the group developed a list of questions about council rates and services, and we prepared answers to these questions for them. You can read the questions and answers at hater.com.au.

What questions do you have about council rates and services?
