The Community Working Group has defined the challenge facing council as:

How can council maintain the services needed to improve the high quality of life in Canterbury, keep costs down and find alternative sources of income so that rates can be kept as low as possible, and clearly demonstrate the need for any increase in rates?

The Community Working Group has also brainstormed a range of ideas to solve this challenge. You can read their ideas, and also the council service profiles that prompted these at haveyoursaycanterbury.com.au.

What are your ideas to solve this challenge?
