Public Hearing for IPART's review of wholesale prices for Sydney Water Corporation and Hunter Water Corporation

Roundtable participants

The public hearing will be conducted as a roundtable discussion of key issues. Roundtable participants will include IPART, Sydney Water, Hunter Water, WICA licensees and other key stakeholders.

Other attendees

Interested parties and members of the public are welcome to attend the event, and will have an opportunity to provide comment and/or ask questions. Please register your attendance by 5pm on Friday, 4 December 2015 on our website.

Format of proceedings

The hearing will be broadly split into two sessions. The first session will focus on whether wholesale services should be regulated by the WIC Act's access regime or under IPART price determinations. The second session will focus on the approach to pricing wholesale services.

For each session, IPART will give an introduction. The Chair will then invite participants sitting at the roundtable to respond to IPART's introductory comments and questions and/or comments made by other roundtable participants. Once the roundtable participants have put forward and discussed their positions, the Chair will then invite members of the audience to make statements or ask questions.

The transcript of the public hearing

The public hearing will be recorded by transcribers. A copy of the transcript will be made available on IPART's website shortly after the public hearing.

Price review pricing public hearing

IPART held separate public hearings on other water, wastewater, and stormwater pricing issues related to the Sydney Water and Hunter Water price reviews, on 10 November in Sydney and 2 November in Newcastle (respectively).
