### **Alinta AGN – Notice of Variation to Reference Tariffs**

In accordance with section 8.3B of the National Third Party Access Code for Natural Gas Pipeline Systems and Part 3E of the Access Arrangement for the NSW Network, Alinta AGN advise that it proposes to vary Reference Tariffs effective as from 1 July 2008.

The proposed variations are a result of:

- the escalation of Reference Tariffs to allow for movements in the CPI Index for the period to December 2007, in accordance with section 3.11.1 of the Access Arrangement, and
- the variation between the allowance for UAG included in the cost of service for the Access Arrangement and the forecast UAG for the year ended June 2008, in accordance with section 3.11.2 of the Access Arrangement.

In determining adjustments to Reference Tariffs the amount has been allocated to the Contract and Tariff Markets according to the same allocation methodology used in initially setting the Reference Tariffs. This is consistent with section 3.11.5 of the Access Arrangement.

Please find attached:

- A summary of the impact of the proposed adjustments on specific Reference Tariffs (Attachment A).
- An Addendum to the Access Arrangement showing Tariffs in 2008/2009 dollars exclusive of GST.
- An Addendum to the Access Arrangement showing Tariffs in 2008/2009 dollars inclusive of GST.

Should you wish to clarify any aspect of the proposed variations contact either myself on 9270 4557 or Scott Martin, Manager Commercial Operations – Alinta Energy Networks on 9270 4662.

Yours sincerely,

Chris Harvey  
Manager Asset Regulation and Strategy

ALINTA
