Mr. Thomas G. Parry.  
Independent Pricing & Regulatory Tribunal,  
of New South Wales.  
Level 2  
44, Market St.  
Sydney.

Dear Sir,  
re. "Regulated Retail Prices for  
Electricity to 2004.

We would like to submit that consideration  
be given to a special classification for electricity  
charges for community halls, Rural Fire sheds, &  
non profit organisations premises.

A "business" rate is crippling to very small  
groups who use minimal amounts of electricity.

Yours faithfully.

Pauline East.
