Subject: Undergrounding Electricity Cables in NSW

Michael,

Further to my email of Friday I would like to add the following,

As an employee of Local Government I am aware that Councils could not absorb the cost of the proposed levies. These would have to be passed onto ratepayers. Then ratepayers would be charged a total of 85% of the cost (80% Local Government and 5% for electricity consumers).

This is totally unacceptable

Thank you

Mr Leigh Fitton
