Dear Sir,

Today I have been told, by a neighbour, that the rent for our waterfront licence/ P.O is proposed to be increased by at least 50%.

On behalf of my husband and myself I wish to object to this alarming increase because I do not feel it is justified. We have owned this property since 1972, it is our home, and we are now both retired. We have paid the increase over the years because they were reasonable but we feel this one is not. We cannot afford to pay an increase of this magnitude on our retirement income.

We also strongly object to the fact that we were not independently notified about this proposed increase. We believe that as a stakeholder in the matter we hold that right.

Yours sincerely
Janice Friend
