

New South Wales

Water Industry Competition Act 2006 (NSW)

Notice of approval to bring new infrastructure into commercial operation

I, The Hon. Donald Harwin, MLC, Minister for Energy and Utilities, under clause 2 of Schedule 1 to the *Water Industry Competition (General) Regulation 2008* (NSW) (**Regulation**), approve Lend Lease Recycled Water (Barangaroo South) Pty Ltd (ACN 158 168 686) (**LLRW**) to bring into commercial operation, all new infrastructure which:

1. is infrastructure to which LLRW's network operator's licence (licence no. 15_029) (**Licence**) applies;
2. existed as at 29 May 2017; and
3. is for any of the following purposes:
 - a. production, filtration, treatment, storage and conveyance or reticulation of non-potable water as specified in clause A1 of Schedule A to the Licence; and
 - b. treatment and storage of sewage as specified in clause A3 of Schedule A to the Licence.

I have considered the request from LLRW for this approval, as well as the following reports, which were prepared by an 'approved auditor' within the meaning of the Regulation:

1. "New Infrastructure Audit Report – Barangaroo Recycled Water Scheme – February 2017" (included as **Attachment A**); and
2. "Follow-up New Infrastructure Audit Report – Barangaroo Recycled Water Scheme – May 2017" (included as **Attachment B**).

I am satisfied that the reports indicate that the new infrastructure:

1. complies with the requirements of the Regulation and the conditions of the Licence; and
2. is capable of operating safely and in accordance with LLRW's infrastructure operating plan, water quality plan and sewage management plan.

A handwritten signature in black ink, appearing to read 'Donald Harwin', written over a dotted line.

The Hon. Donald Harwin, MLC
Minister for Energy and Utilities

Dated this 31st day of July 2017
