Dear Ms Allen

Thank you for providing Ausgrid with the opportunity to provide comment on the Public Lighting Code - Draft reporting manual.

We recognise the importance our customers, the community and other stakeholders place on public lighting. Public reporting of our performance against the Public Lighting Code will increase transparency and help us improve the delivery of this important public function. We support the draft reporting manual, as proposed by IPART, in its current format.

If you have any questions regarding this letter, please contact Amir Moayedzadeh, Lighting Manager on [REDACTED]

Yours sincerely,
